

RAILSCAF

The Revolutionary Rail-Climbing Access Scaffold System

2 Minutes
Per Unit to
‘Drag & Drop’

“SAFE & NEAT SYSTEM”

“FULL PERIMETER OR ISOLATED UNIT COVERAGE”

“NEW GENERATION SYSTEM ELIMINATE TRADITIONAL SCAFFOLDING HAZARDS”

“ONE TIME ASSEMBLY”

PATENTED

RailScaf is designed with safety in mind to be fail-proof and complies with strict international scaffold standards. It provides excellent working access and facilitates finishing trades safely.

Railscaf needs only one time assembly and gives you quantum savings in setup & dismantling time and with ‘Drag n Drop’ lifting operations is so simple, easy, safe and fast.

The Revolutionary Rail-Climbing Access Scaffold System

Installation & Resetting

Rail-Climbing Resetting Times (Required for every floor)

Dismantling of Rail Brackets (manhr/bracket)	Installation of Rail Brackets (manhr/bracket)	Preparation Works (manhr/unit)	Rail Climbing Times (manhr/unit)	Finishing Works (manhr/unit)
0.20-0.30	0.15-0.20	0.15-0.20	0.25-0.30	0.15-0.20

COMPANY INTRODUCTION & PRODUCTS

Ehub was established in 2002 with an aim to innovate, manufacture & offer the best solutions in climbing scaffold and formwork systems.

Our efficient and patented rail climbing technology brings simple & practical solutions that will meet your needs while satisfying all the stringent safety regulations set by the International Standards.

Rail Climbing 'drag-n-drop' Benefits

- Extremely Fast Resetting Times
- Modular Components
- Flexible Unit Configurations
- Built-In-Safety
- Crane Dependent or Crane In-Dependent

With the patented 'drag-n-drop' concept, all our products incorporates the rail climbing benefits as follows:-

Revolutionary Access Scaffold System

Efficient Forming & Access System

Competent Corewall Forming System

Safe Protection Screen System
